Welcome to Hidden Hills! Nestled among majestic Oaks and Cedars is this magnificent single level home on .99 +/- acres with filtered views of the Riebli Valley. Built mostly of redwood, the home's expansive picture windows, exposed beam ceilings and walls of glass are just some of the elements that incorporate the tranquility of the surrounding natural landscape. The cute country kitchen includes plenty of cabinets, a breakfast area, cozy fireplace and French doors that open to the year round sun porch. Three spacious bedrooms include a sizeable master with soothing views and en suite with a walk in shower, jetted tub and wood burning stove. The open concept floor plan offers a sunken living room, a separate family room, large laundry room, and a second full bathroom. You will enjoy the peaceful feeling of seclusion, but just a short drive away from conveniences such as groceries, gas, entertainment. Also nearby are Spring Lake and Annadel State Park with recreational activities on its 5092 acres. Come see for yourself all this Hidden Hills home has to offer.
